BOC UPDATE

1.1 Welcome from Birmingham Mayor Woodfin

Dear Friends,

The big day is nearly upon us, and we couldn't be more excited.

The City of Birmingham is ready to open its doors to the world for The World Games 2022. Like every good host, we're eager to welcome scores of athletes and fans to our city, and we promise a world-class experience like none other.

Birmingham is a city rooted in competition, festivities and pride. Our Southern hospitality will be on full display as we join together in this celebration of athleticism and unity.

From the steady growth of the city's commercial and industrial sectors, to the ever-expanding range of recreational and cultural opportunities, you will find that there is no other city like Birmingham. Our city is where legends have been made and will continue to be made.

We can't wait to make history with you. See you soon.

Randall L. Woodfin,
Mayor of the City of Birmingham

BOC UPDATE

1.2 CEO Introduction

There were many times of despair over the past two years. Pandemic. War. Economic challenges. We didn't know if we'd ever get to this moment. But thankfully, the light has broken through the clouds. And, it will shine bright on Birmingham, USA and The World Games 2022 from 7 - 17 July.

The Birmingham Organising Committee and our many partners have been hard at work in preparation for this moment. And we are confident that when our athletes, officials, and fans from a record 110 countries arrive in Birmingham, you will experience a "once in a lifetime" moment.

From the time you arrive at the Birmingham Shuttlesworth International Airport to your arrival at the host hotels and Athletes Villages, you will enjoy a world class experience. And all of our competition venues will showcase the "new generation of global sports" in spectacular fashion.

As The World Games 2022 will be the first major international multi sport event in this quadrennial with full venues again, we expect great excitement for each sport competition. And after IOC President Thomas Bach confirmed his attendance and encouraged NOC presidents to join him in Birmingham, we have seen even more demand for tickets.

To date, we've sold over 360,000 tickets. Opening Ceremony on 7 July will be a major show with a "human drone" performance, a full orchestra, amazing light and pyrotechnics, and many, many global music artists. Closing Ceremony recently announced the additional of global music icon Lionel Richie who will headline an "all star" cast of performers as well. And \$1 for every ticket sold from 1 April to the Games will go toward the Ukrainian Athlete Fund in partnership with the International Olympic Committee's Olympic Solidarity Fund.

The storylines of The Games continue to build excitement. There is great interest from the fans about defending champions, potential rematches, rising stars, and "Cinderella" stories. And thanks to a historic partnership between The Olympic Channel and US domestic broadcast partner CBS, millions of fans from around the world will join us to "Witness History".

Please go to www.twg2022.com and bookmark this page on your mobile device. It will serve as a web app, and we will continue to provide exciting updates as well as "things to do" while enjoying your special experience in Birmingham.

We are delighted to host you. And we look forward to showing you our world renowned "southern hospitality".

See you soon!

Nick Sellers, CEO Birmingham Organization Committee

2.1 COVID-19 Policy

The purpose of this The World Games 2022 Protocol for Participant COVID-19 Safety (TWG Protocol) is to help prevent the spread of SARS-CoV-2 and COVID-19 (COVID-19) during The World Games 2022 and avoid serious disease for all participating athletes, officials, staff, and related personnel (Participants). Concurrent with the primary goal of safety, this TWG Protocol seeks to balance protection against COVID-19, while avoiding unnecessary operational disruptions, including to competition schedules and gameplay. This TWG Protocol is fundamentally informed by and derived from guidance issued by the U.S. Department of Health & Human Services' Centers for Disease Control and Prevention (CDC). Given the evolving nature of scientific consensus and understanding of COVID-19, and thereby the CDC's guidance, this TWG Protocol is subject to change and may be modified from time to time, including through the completion of The World Games 2022.

The guidance in this Protocol is intended to supplement, not replace, any applicable federal, state, or local health and safety laws or regulations, which are subject to change, outside to control of The World Games 2022 organisers, and will apply and be followed for the duration of The World Games 2022.

1. Vaccination

All Participants are required to be fully vaccinated with the primary series of an accepted COVID-19 vaccine, subject only to religious or medical exemptions. At this time, while this TWG Protocol permits religious or medical exemptions, the United States requires all non-US citizens or non-US immigrants, to be fully vaccinated with the primary series of an accepted COVID-19 vaccine prior to travel to the United States by plane. Below are links outlining what constitutes an acceptable vaccine and being fully vaccinated, as well as the forms for claiming either a religious or medical exemption to the vaccine requirement.

- [Acceptable Vaccines](#)
- [Fully Vaccinated Definition](#)
- [Religious Exemption Form](#)
- [Medical Exemption Form](#)

As noted in the preamble, state or local rules will apply, including for access to all facilities in which The World Games 2022 will take place. At present neither the City of Birmingham nor the State of Alabama has vaccination requirements with certain exceptions, such as for workers in healthcare facilities.

2.1 COVID-19 Update

2. Testing, Screening, and COVID-19 Surveillance

Onsite Testing Services

TWG2022 has contracted with a local, high-quality healthcare provider who will conduct laboratory COVID-19 testing for Participants. This testing will occur via stations located in each Athlete Village location (UAB and BSC), as well as at the Sheraton Hotel. The exact location of testing stations will be provided prior to Participant arrival. Testing will be available daily, and hours of operation will be adjusted and clearly communicated based on the demand and local community transmission at the time of the games. Individuals who test positive through the contractor's medical testing system will receive an email or text message, with important information about isolation protocols.

Asymptomatic Testing

There is no current requirement for asymptomatic testing, but all Participants are asked to promptly report symptoms and submit to testing, if they have symptoms of COVID 19, including but not limited to fever.

Symptomatic Testing

Participants with COVID-19 symptoms, regardless of vaccination status, will be immediately isolated and tested. The individual will not be allowed to return to work, training, or competition until a negative test result is returned. It is the stated goal of the organizers of The World Games 2022 to ensure that Participants will be offered an antigen test, which will provide the most rapid test results. There will be no charge for this testing.

Testing and Quarantine of Exposed Persons

Participants who are fully vaccinated who have experienced a close contact exposure will not be asked to self-quarantine and will be allowed to continue to work, train, or compete. Participants who are unvaccinated who have experienced a close contact exposure will not be allowed to work, train, or compete and will be asked to self-quarantine for 5 days from the date of the exposure. Regardless of their vaccination status, Participants who have had a close contact exposure with someone known or suspected of having COVID-19 will be tested upon request, at the expense of the individual.

Testing for Departure from Birmingham

For the Participants whose country of residence requires a negative test for re-entry, the organizers of The World Games 2022 will ensure access to testing prior to departure. It is incumbent upon each Participant requiring such testing to request it. The fee for testing will be \$100 per test. Testing turnaround times for PCR test are project to be 24 hours or less and turnaround times for antigen testing is approximately 20 minutes.

2.1 COVID-19 Update

3. Isolation, Quarantine, and Contact Tracing

Current CDC guidelines will be followed for Participants who test positive.

Positive test notification

Individuals who test positive through the testing system described herein will receive an email or text message with important information about isolation protocols. This notification will also be sent to the Local Organizing Committee's Chief Operating Officer and Medical Co-Chairs, as well as the IWGA Medical Chair. Individuals who test positive through external testing mechanisms are required to report positive test results to Local Organizing Committee Officials and will be expected to following local isolation protocols (see below).

Isolation Protocols

Based on current CDC guidelines, individuals who test positive will be asked to isolate for a minimum of 5 days from symptom onset and can return to routine activities on day 6, at the earliest, if all symptoms are resolved. However, asymptomatic individuals who return to routine activities prior to day 11 from symptom onset must continue to wear a well-fitting mask on days 6–10.

Contact Tracing

The Local Organizing Committee will provide a contact tracer who will attempt to identify any close contact exposures of Participants who are covid positive and notify such contacts, as soon as practicable in order to prevent further exposure.

Treatment of COVID positive athletes, officials, and staff

The testing contractor will screen Participants who test positive for their eligibility to receive antiviral medications (currently Paxlovid) prescribing this medication when appropriate, which medication can be obtained in local pharmacies at the individual's expense. There is no obligation on any Participant to accept such medication, and the medication would only be prescribed with the Participant's consent. Participants requiring further or different treatment will be evaluated by the contractor and recommendations for treatments will be made to Participants who will have the option to accept or reject such recommendations. Participants with more exigent needs will be referred to local Urgent Care Clinics or Emergency Departments at the individual's expense.

Housing of COVID positive

Participants who are housed in the Athlete Villages and test positive will be isolated in COVID-positive housing at the Athlete Villages.

4. Masking

As noted in the preamble, state or local rules will apply, including for access to indoor facilities. At present neither the City of Birmingham nor the State of Alabama has in place masking requirements with certain exceptions such as in healthcare facilities. Local public health recommendations (Jefferson County Department of Health) will be followed, if community transmission levels change. However, if local rules do not require indoor masking (as they do not currently) and COVID-19 conditions are favourable regarding local community transmission (as they are presently), TWG2022 will not require masking.

Masks will be offered at all housing entry ways for Participants staying within the Athlete Villages.

Conclusion

This TWG Protocol offers up to date recommendations based on CDC and other scientific guidance. It seeks to balance COVID-19 safety with TWG2022 operational needs. It is likely that this guidance, or the implementation of the guidance, will change as COVID-19 conditions change and in accordance with ongoing scientific evidence, guidelines, and local restrictions. The TWG Protocol stresses keeping athletes and officials safe, avoiding serious disease and hospitalization, rather than focusing on preventing all instances of SARS-CoV-2 transmission.

You can refer to Requirement for Proof of COVID-19 Vaccination for Air Passengers | CDC for full details regarding the vaccination requirement as well as any changes that may occur. 2.3 Travel- Visa Update

Obtaining a visa will be pertinent for many of the attendees of The World Games 2022. The key is starting the process well in advance of the travel date. Below are some steps and information pertaining to a US Visa to attend The World Games 2022.

Register through the The World Games 2022 Registration Portal. Letters of Invitation will be available to those approved registrants. Each IF must download the Letters and send them to the respective attendees.

Determine if you need a Visa to enter the United States. There are currently 40 countries that participate in the Visa Waiver Program. These countries are listed in the State Department Website found in the following link: [Visa Waiver Program \(state.gov\)](#)

If your country is not part of the Visa Waiver Program, contact the nearest US Embassy and Consulate regarding obtaining visas. A listing of US Embassies and Consulates can be found at the following link: [Official list of Embassies from the U.S. Department of State \(us embassy. gov\)](#). In addition, there are companies and agencies that will assist with obtaining visas for a fee. The type of visa that will be obtained for the majority of the attendees will be type B1 per the following site [Directory of Visa Categories \(state.gov\)](#). Best practices are to start the process as much in advance of the travel date as possible. Some National Governing Bodies have been known to obtain visas for those with a chance of qualification to start the process well in advance.

If you are given an interview date of post World Games, submit an expedited interview request. Procedures for submitting an expedited interview request can be found at [how_to_request_expedited_interview.pdf \(usembassy.gov\)](#).

If you have any visa questions or problems, please feel free to contact travel@twg2022.com

2.6 Anti-Doping and Medical Update

The IWGA is committed to delivering a world-class anti-doping program during TWG 2022 and has the authority to test athletes anytime and anywhere within the context of the Event.

The IWGA has delegated the independent management of TWG 2022 anti-doping program to the International Testing Agency (ITA).

The United States Anti-Doping Agency (USADA) will be responsible for the sample collection. Both urine and/or blood samples will be collected.

All samples will be analyzed at the Sports Medicine Research & Testing WADA-accredited laboratory in Salt Lake City (USA).

Please visit <https://www.theworldgames.org/> (Athletes & Clean Sport section) for more detailed information regarding the anti-doping program (including but not limited to WADA Prohibited list 2022, testing procedures, anti-doping rule violations, Therapeutic Use Exemptions (TUE), REVEAL- whistleblowing platform).

All athletes are encouraged to participate in education activities delivered by the ITA and USADA during Games-time.

Therapeutic Use Exemptions

International Federations are reminded that with regards to Therapeutic Use Exemptions (TUE) the IWGA procedures apply. Extensive information can be found under the IWGA official website, Athletes & Clean Sports section, [Therapeutic Use Exemption \(TUE\) Application form](#).

Athletes participating in The World Games are subject to the IWGA TUE Application Process. They need a TUE to take a prohibited substance or use a prohibited method. Athletes should verify with their International Federation to know to whom and how they need to apply.

If the athlete participating in The World Games already has a valid TUE granted by their National Anti-Doping Organization or International Federation, IWGA will recognize it.

If the athlete does not already have a TUE granted by their NADO or IF, the athlete must apply directly to IWGA for a TUE as soon as possible - but no later than 30 days before The World Games (deadline is 5 June 2022) using the IWGA [Therapeutic Use Exemption \(TUE\) Application form](#).

A TUE granted by IWGA for a specific event is effective for that event only. For example, a TUE granted to an athlete for The World Games is only valid from 5 to 18 July 2022 and is not valid for any other event, such as World Championships or future editions of The World Games.

For any further information or questions in relation to IWGA's personal information practices, please contact IWGA Executive Committee Member [Volker Bernardi](#).

2.7 Participant Expression Guide

This form is also available on the IWGA's website under documents. The below form must be signed by all participating individuals in order to receive their credentials. The link for the form online is [available here](#).

IWGA PARTICIPANT EXPRESSION GUIDELINES AT TWG 2022

Preamble

The International World Games Association, its Member Federations and the Host City of The World Games (TWG) wish that The World Games will contribute to a more peaceful and just world, with better understanding between people from different backgrounds and with different views.

Care must therefore be taken when participants make statements relating to politics, religion, gender, ethnicity, and sexual orientation.

The participants in The World Games come from different countries, have different views and cultural backgrounds. To preserve the spirit of sport and its unifying effect, mutual respect, and tolerance of the opinions of others must be practiced.

At the same time, the IWGA, its Member Associations and the Host City have no wish to curtail freedom of speech or expression unnecessarily or without cause.

To achieve a balance between these values, we have established a set of guidelines for individual expression. At its meeting on 10 May 2022, the IWGA Executive Board, 22, agreed on the following guidelines regarding personal statements by participants in The World Games.

Guidelines

The TWG oath, which will be spoken at the Opening Ceremony on behalf of all participants, will serve as a general guideline concerning expression at TWG.

It refers to " *the spirit of fair play, inclusion and equality. Together we stand in solidarity and commit ourselves to sport without doping, without cheating, without any form of discrimination. We do this for the honour of our country, in respect for the fundamental principles of sport*

The guidelines of TWG to be followed during TWG 2022 are listed below:

1. All participants of The World Games must abstain from making statements which – expressly or impliedly – contain hate, racism, and religious or political propaganda.
2. All participants of The World Games must abstain from making discriminatory or derogatory statements which – expressly or impliedly – relate to race, color, sex, sexual orientation, political opinions, social origin or status.

2.7 Participant Expression Guide

3. The following are considered as “statements” in the sense covered by these guidelines: utterances delivered orally; slogans or statements appearing on any clothing worn during the Games; obvious symbolic bodily gestures; and statements of a discriminatory or derogatory nature made on the social media channels used by the participants during the Games.
4. Postings on participants' social media accounts that contradict these guidelines of respect and tolerance and that were made before the Games but are still publicly visible during the Games must be rendered publicly invisible for the duration of TWG if the responsible committee so requests.
5. The obligation of neutrality must be adhered to particularly during the Opening and Closing Ceremonies, the World Games Athletes 'Night, the competitions (including Award Ceremonies), at The World Games Plaza /The World Games Sports Garden, catering centers and in the accommodation areas.
6. Each participant accepts the obligation to comply with these guidelines by signing the general consent form.
7. These guidelines apply from the time of signature of the document until the end of the participation in the World Games, as stipulated in the IF Passport.

Consequences in case of non-respect of the Guidelines

The IWGA is the governing body regulating The World Games. The rules and guidelines issued by the IWGA take precedence over Member Federation's rules and guidelines at all official standardized occasions.

The IWGA Executive Committee monitors compliance with these rules. The participant has the right to be heard. The IWGA Executive Committee also pronounces the corresponding sanctions. One of these sanctions - in the case of particularly serious violations - can be exclusion from the World Games 2022, Birmingham, USA and future editions of TWG. Further sanctions by the respective Member Federations are not affected. The Committee decides by a majority vote.

4.2 Volunteer Program

RECRUITMENT

Volunteer recruitment for TWG 2022 officially closed on March 31 for individual volunteers and April 31 for organizations. Over 4000 individuals submitted applications to serve as volunteers. In addition, over 160 corporations are eager to support The Games. One organization has over 200 volunteers signed up and in the process of completing training.

SPORT VOLUNTEERS

Many of The World Games sports are new to the US community. Sport volunteers for each sport are being asked to attend 2-3 hour training sessions on the team’s training day. This will provide the volunteers an opportunity to observe the sport and understand what their roles will be. Organizations are being allowed to select a sport they would like to have their employees or members fully staff as volunteers across the competition.

YOUTH VOLUNTEERS

The BOC launched the Youth Volunteer program in May. Youth ages 14-17 will participate in some pre-events such as preparing athlete welcome bags, preparing credentials, and participate in setting up the athlete villages for the Athletes. Youth will also get to participate in a youth leadership program call YES which stands for the Youth Encouragement and Entrepreneurial Strategy. This program will allow young people to sell items they make in the Plaza during The Games. Students will donate a portion of all proceeds to a local charity. Athletes can possibly find wonderful souvenirs to take home.

VOLUNTEER LEADERSHIP

Each venue will have a great volunteer leadership team. The leadership team will be comprised of a Division Lead along with several team captains. The team captains will oversee multiple areas where the volunteers will serve. Over 120 individuals have been selected to serve as Team Captains and are currently undergoing training. A team captain will also be designated for each sport. The captain will oversee all field of play sports volunteers. During the training days, athletes will have a chance to meet the captain and volunteers. If the IF has any questions please send questions to volunteers@twg2022.com

CITY OF BIRMINGHAM

6.1 City of Birmingham Attractions

Two Dozen Reasons You'll Want to Be in Birmingham

1. The shopping is jaw-dropping.

The retail center of the state is brimming with malls, high-end boutiques, and outlet shopping. Spit-polish your credit cards.

2. Live music is Birmingham's signature entertainment.

Great music is steadily underway at city parks, outdoor concerts and historic venues. Leave your bluegrass at the door ... come rock with us.

3. Our caffeine is not routine.

You won't need that triple espresso to feel good when you and friends sink down in a sofa at one of dozens of coffee bars.

4. The food is astounding. And affordable.

Birmingham enjoys a rockstar culinary reputation. We're widely known as the "Dinner Table of the South."

5. Size does matter.

When it comes to Birmingham attractions, bigger is better. See the world's largest collection of vintage motorcycles and the largest cast iron statue in the world.

6. Our ballpark is right downtown.

It's new and has a killer view of the skyline. And speaking of killer, try their Magic City Dog.

7. Our entertainment districts are ... well ... entertaining.

See some colorful characters. Shop for vinyl records. Take a photo at the storyteller fountain. Drink a craft brew. Get a tattoo. (Don't tell your mother we said that.)

8. We're in motion.

The great outdoors calls to hikers, boaters, golfers, and those of us who just like to ride the zip lines.

9. Our festivals are big fun.

We'll celebrate just about anything---art, music, animals, butterbeans, independent film, the Fourth of July, the fifth of July.... You get the idea.

10. We specialize in specialty shops.

Ever had a gourmet peanut butter popsicle? Or a banana pudding cupcake? Or bought vintage Christmas décor? Be the envy of your friends.

11. You can see where world history was made.

Birmingham's role in America's Civil Rights Movement changed the world. It's much more interesting seeing it first-hand than reading about it in your history book.

12. We pedal around to our craft breweries.

Pedal tours are great fun for group outings or to revive yourself between breweries.

CITY OF BIRMINGHAM

6.1 City of Birmingham Attractions

13. Fresh is an understatement at our farmers markets. When it comes to markets like Pepper Place, you'll go bananas over our peaches.

14. We golf year-round. You're in the South now. We play golf in January. Pack your sticks.

15. We have acres of urban green space. Some people call them parks. Whatever term you use, you'll find a wealth of places to romp or relax, including award-winning Railroad Park, sometimes referred to as "Birmingham's living room."

16. Our bars have funky themes. Feel the Cuban culture at our rum bars. Or see if you're approved for drinks at the speakeasy.

17. We don't put sugar in our cornbread. Why? Because it's wrong. If you want cake, order cake.

18. Our Theater District is a historic wonder. We chose to save our historic theaters from the wrecking ball, so now we have real gems for live performances of all varieties.

19. Southern hospitality is not a cliché. It's real and it's real plentiful around these parts, so sit back and enjoy. It comes naturally to us.

20. Our airport is ten minutes from downtown. Cabbng or rideshare into the heart of the city is quick and won't cost you an appendage.

21. We have that vibe. People who travel to Birmingham swear they sense a certain vibe they don't find elsewhere in their travels.

22. Downtown is filled with architectural wonders. While you're discovering the buildings and their stories, keep an eye out for popular restaurants and shops that are fun to browse. See the "Heaviest Corner on Earth."

23. You can see the industry that gave birth to the city. Sloss Furnaces National Historic Landmark is preserved and interpreted as a museum. It's also said to have a resident ghost. Boo!

24. You'll feel the local love. Birmingham likes nothing better than having company. It takes little encouragement to get locals to talk about their favorite places in town. Listen. Take notes. We know the hot spots.

And that's only two dozen. For dozens more reasons to be in Birmingham, visit the Greater Birmingham Convention & Visitors Bureau website at inbirmingham.com.
